

FACTS

Spring 2019

knowledge changing life

OUR VISION & MISSION

Pioneering Pathways to a Healthier World

The core of everything we do at the Medical College of Wisconsin (MCW) is academic medicine, which brings together scientists, clinicians, students and community members to solve challenges in health and society. MCW is a diverse group of thought leaders collaborating to build a healthier world. Every study we conduct, every patient we see, leads to new learning and a continuous cycle of life-changing knowledge.

Education

Approximately **1,400** students (**972** medical students, **327** graduate students, **95** pharmacy students and **41** Master of Science in Anesthesia students). Approximately **130** postdoctoral fellows. More than **700** physicians in residency training and more than **200** physicians in fellowship training. More than **28,216** physicians and **15,517** other health professionals participate in Continuing Medical Education-accredited activities offered annually.

Advancing a Healthier Wisconsin

More than **\$247M** in awards to more than **400** initiatives dedicated to improving the health of the people of Wisconsin.*

*As of June 2018

Patient Care

Approximately **1,600** physicians, **>650** nurse practitioners, physician assistants and other healthcare practitioners care for approximately **560,000** patients of all ages

annually at Children's Hospital of Wisconsin, Froedtert Hospital, Zablocki VA Medical Center and many other hospitals and clinics in eastern and central Wisconsin.

Community Engagement

MCW faculty and staff are engaged in more than **2,100** community outreach activities, involving more than **600** community partner organizations, to advance the health of people and communities throughout metro Milwaukee and Wisconsin.

Private Support

More than **7,500** philanthropic gifts in FY 2018* providing **\$30.8M** for cutting-edge research, innovative medical education and compassionate patient care benefitting

560,000 patients and investing in **1,400** students.

*MCW's Fiscal Year 2018 was July 1, 2017 through June 30, 2018

Research

2nd Largest research institution in Wisconsin. **\$253M** invested in research, teaching, training and related purposes in FY 2018*, which will lead to improved patient care and health outcomes. More than **2,600** research studies, including clinical trials.

*MCW's Fiscal Year 2018 was July 1, 2017 through June 30, 2018

Harnessing the Power of Academic Medicine

- Approximately 1,600 Medical College of Wisconsin physicians
- More than 650 nurse practitioners, physician assistants and other healthcare providers
- Offering every medical specialty and subspecialty
- Caring for greater than 560,000 patients, representing approx. 2.8 million patient visits annually
- 439 MCW faculty physicians are listed in the 2017–2018 Best Doctors in America®, more than any other group practice or institution in Wisconsin

Providing Patient Care

- Adult patient care at 8 health systems, 12 hospitals and 50 clinics throughout Wisconsin through the *Medical College Physicians* group practice
- More than 70 pediatric specialties at clinic locations through *Children's Specialty Group*, a joint venture with Children's Hospital of Wisconsin
- Primary and specialty care at 34 health centers and clinics through the *Froedtert & the Medical College of Wisconsin Community Physicians*, a joint clinical practice group with Froedtert Health

Milwaukee Regional Medical Center (MRMC)

The MRMC comprises six organizations working in collaboration:

- Children's Hospital of Wisconsin (298 beds)
- Curative Care
- Froedtert Hospital (604 beds)
- Medical College of Wisconsin
- Milwaukee County Behavioral Health Division
- Versiti Blood Research Institute/Versiti Blood Center of Wisconsin

Physician practice group employs more Wisconsin physicians than any other group in the state.

Clinical Practice Locations

MCW physicians and practitioners see patients at the Froedtert & MCW regional health network facilities, Children's Hospital of Wisconsin facilities, and the Zablocki VA Medical Center – and many other hospitals and clinics in eastern and central Wisconsin.

The Froedtert & the Medical College of Wisconsin regional health network is a partnership between Froedtert Health and the Medical College of Wisconsin supporting a shared mission of patient care, innovation, medical research and education. Our health network operates eastern Wisconsin's only academic medical center and adult Level I Trauma Center at Froedtert Hospital (Milwaukee), an internationally recognized training and research center engaged in thousands of clinical trials and studies. The Froedtert & MCW health network, which includes five hospitals, more than 1,700 physicians and nearly 40 health centers and clinics, draws patients from throughout the Midwest and the nation. In the most recent fiscal year, outpatient visits exceeded 1.1 million, inpatient admissions to our hospitals were 52,483 and visits to our network physicians totaled 979,143.

FROEDTERT.COM

Children's Hospital of Wisconsin

is the region's only independent healthcare system dedicated solely to the health of children. The hospital, with locations in Milwaukee and Neenah, Wis., is recognized as one of the leading pediatric healthcare centers in the US. It is ranked in eight specialty areas in *U.S. News & World Report's* 2018–19 Best Children's Hospitals report. Children's provides primary care, specialty care, urgent care, emergency care, community health

services, foster and adoption services, child and family counseling, child advocacy services and a family resource center.

CHW.ORG

Clement J. Zablocki VA Medical Center is one of the busiest and most comprehensive centers operated by the Department of Veterans Affairs.
